When To File: A notice must be filed no later than 15 days after the first sale of securities in the offering. A notice is deemed filed with the U.S. Securities and Exchange Commission (SEC) on the earlier of the date it is received by the SEC at the address given below or, if received at that address after the date on which it is due, on the date it was mailed by United States registered or certified mail to that address.

Copies Required: Five (5) copies of this notice must be filed with the SEC, one of which must be manually signed. Any copies not manually signed must be photocopies of the manually signed copy or bear typed or printed signatures.

Information Required: A new filing must contain all information requested. Amendments need only report the name of the issuer and offering, any changes thereto, the information requested in Part C, and any material changes from the information previously supplied in Parts A and B. Part E and the Appendix need not be filed with the SEC. Filing Fee: There is no federal filing fee.

This notice shall be used to indicate reliance on the Uniform Limited Offering Exemption (ULOE) for sales of securities in those states that have adopted ULOE and that have adopted this form. Issuers relying on the ULOE must file a separate notice with the Securities Administrator in each state where sales are to be, or have been made. If a state requires the payment of a fee as a precondition to the claim for the exemption, a fee in the proper amount shall accompany this form. This notice shall be filed in the appropriate states in accordance with state law. The Appendix to the notice constitutes a part of this notice and must be completed.

ATTENTION

Failure to file notice in the appropriate states will not result in a loss of the federal exemption. Conversely failure to file the appropriate federal notice will not result in a loss of an available state exemption unless such exemption is predicated on the filing of a federal notice.

EXHIBIT A

The General Partner will be entitled to receive a performance allocation at the end of each calendar quarter equal to 10% of the portion of the Partnership's net income (including net unrealized gains and losses and net of the Management Fee) attributable to each Limited Partner as of the close of such quarter. This amount will be allocated to the General Partner's capital account and debited from each Limited Partner's capital account. This allocation (the "General Partner's performance allocation") will be in addition to any allocations of income and profits, or losses, that the General Partner might be entitled to receive based upon any capital contributions it may make. The General Partner's performance allocation is charged to each Limited Partner's capital account separately, based on the amount and fluctuations of the capital account. The General Partner shall also receive the performance allocation upon any withdrawal of funds by a Limited Partner, whether voluntary or involuntary, and upon termination of the Partnership. The General Partner may, in its sole and absolute discretion, waive its performance allocation attributable to any Limited Partner's capital account, in part or in its entirety, for any reason or for no reason at all. The General Partner may agree with a Limited Partner to apply a different performance allocation for such Limited Partner.

The General Partner's performance allocation is subject to what is commonly known as a "high water mark" procedure. That is, if the Partnership has a loss in any fiscal quarter, this loss will be carried over as to each Limited Partner to future fiscal quarters (such amount is referred to as the "Loss Carryover"). Whenever there is a Loss Carryover, the General Partner will not receive a performance allocation from a Limited Partner until the Loss Carryover for such Limited Partner is exceeded by the cumulative profits for the fiscal quarter following the Loss Carryover. Thereafter, the General Partner's performance allocation will be equal to the applicable percentage of the excess cumulative profits as to each Limited Partner, rather than on all profits. The "high water mark" procedure prevents the General Partner from receiving a performance allocation as to profits that simply restore previous losses and is intended to ensure that each performance allocation is based on the long-term performance of an investment in the Partnership. The Loss Carryover, like the performance allocation, is calculated separately for each Limited Partner. If a Limited Partner withdraws funds from its capital account at a time when it has a Loss Carryover, the amount of the Loss Carryover applicable to that Limited Partner's capital account will be reduced pro rata in proportion to the amount of the capital account withdrawn.

In consideration for its services, the General Partner will receive a management fee, payable quarterly and in advance, equal to 0.25% (approximately 1% annually) of each Limited Partner's share of the Partnership's net worth (determined as of the beginning of each fiscal quarter of each year). A pro rata management fee will be charged to Limited Partners on any amounts permitted to be invested during any fiscal quarter. No part of the management fee will be refunded in the event that a Limited Partner withdraws all or any part of its capital account during a fiscal quarter. The General Partner may, in its sole and absolute discretion, waive the management fee charged to any Limited Partner, in part or in its entirety, for any reason or for no reason at all. In certain cases, the General Partner and an investor may agree to apply a different management fee for that investor.

EXPENSES:

The Partnership will incur its own expenses. The Partnership shall pay or reimburse the General Partner for all costs and expenses incurred by or on behalf of the Partnership, or for its benefit, including (A) all expenses incurred in connection with the offer and sale of Interests, including but not limited to marketing expenses, printing of the Partnership's Memorandum and exhibits thereto, documentation of performance, attendance at industry related events and the admission of Limited Partners; (B) all operating and administrative expenses of the Partnership such as tax preparation fees, governmental fees and taxes, insurance, administrator fees, communications with Limited Partners, and ongoing legal, accounting, auditing, bookkeeping, consulting and other professional fees and expenses; (C) all Partnership trading and investment related costs and expenses (e.g. brokerage commissions, margin interest, expenses related to short sales, custodial fees and clearing and settlement charges); (D) all expenses incurred in connection with investigating, researching, selecting and monitoring investment managers; and (E) all fees to protect or preserve any investment held by the Partnership, as determined in good faith by the General Partner, and fees and other expenses incurred in connection with the investigation, prosecution or defense of any claims by or against the Partnership.

The Partnership shall pay or reimburse the General Partner for all expenses related to organizing the Partnership, including but not limited to, legal and accounting fees, printing and mailing expenses and government filing fees (including blue sky filing fees). The Partnership intends to amortize organizational expenses over a period of sixty (60) months from the date the Partnership commences operations because it believes such treatment is more equitable than expensing the entire amount of the Partnership's organizational expenses in the Partnership's first year of operation, as required by U.S. generally accepted accounting principles.
